EXC10EL - 10 Tray, Stainless Steel Dehydrator

MODEL: EXC10EL

EXC10EL

The EXC10EL Dehydrator is built to last, with armoured glass doors and stainless steel trays. The 2 Time / 2 Temp feature can be used to speed up the drying process, making the overall time of drying far less by setting a period of time at a higher and lower temperature. Clean up is easy with a removable stainless steel drip tray.

FEATURES AND CONSTRUCTION

- 16 sq. ft. drying capacity with one zone
- Includes ten (10) stainless steel trays
- Exterior and interior is constructed of stainless steel
- Clear armoured glass doors
- Digital touch screen with 99-hour timer
- Two (2) time, two (2) temperature digital controls for dehydration process
 - Set the first time to high temperature for a specific amount of time
 - Set second time at a lower temperature for a specific amount of time
- Convenient front access control panel
- Adjustable thermostat range of 95°F to 165°F with automatic cool down and shut off
- Removable drip tray
- Made in the USA with USA and globally sourced materials
